Schedule 1

CLASSIFICATION OF AREAS OF CONTROL

- a) **The classification of the areas of control for the purpose of outdoor advertising is based on the current and (near) future zoning of the property/erf concerned.**
- b) **The classification of the areas of control shall be determined by Council within the Jurisdiction of the City of Johannesburg, and if needs be, in consultation with the relevant roads authority, such as for the property along the provincial or national roads.**
- c) **The classification of the areas of control is dynamic because it is a function of the land use and may need to be updated and changed according to the changes in the land use for a specific property/site.**
- d) **It should be noted that the classification for a single erf / site can be over-ridden by the surrounding area of control. This implies that although a specific site can be zoned in such a way as to be classified as a specific area of control, and the surrounding area is predominantly classified as a "higher / more stricter" area of control, Council shall decide that such a site/property be classified according to the predominantly "higher" area of control.**
- e) **The determination of areas of control shall also take cognizance of areas that have been designated by any relevant national or provincial legislation or policy as "no go" or sensitive areas with respect to any development.**

4. URBAN AREAS OF PARTIAL CONTROL

- b) Where urban areas of maximum control and urban areas of minimum control, according to the land use, are adjacent to each other, an urban area of partial control will apply to protect the area of maximum control to be proliferated by advertisements. This will be a 50 m band between an area of minimum control and an area of maximum control.**

 - x) Government enclaves**
 - xi) Smallholdings of an urban nature**

5. URBAN AREAS OF MINIMUM CONTROL

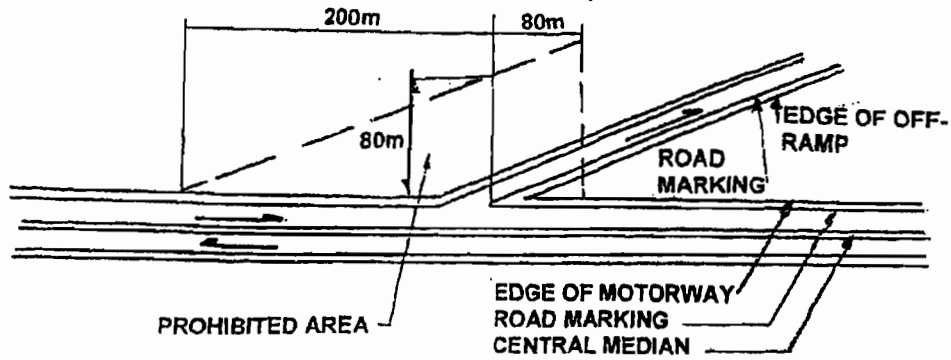

- a) Urban areas of minimum control can be seen as centres, areas and nodes of concentrated economic activity where the dominant concern and motivation is to conduct business and to sell products and services. This calls for the display of advertisements and signs in stronger and more obvious forms.**
- b) The following precincts are included in urban areas of minimum control:**
